It's so simple, the magic of a dimple.

You better believe, we're ya biggest believers.

Wit u, no matter where life will lead ya,

You smile, I smile, suddenly, I remember I too was a child.

Beautiful memories still on file, but it's your turn to make your own now.

Your love-light just fills all emptiness, charged by photosynthesis.

Pearly whites and crescent lips, 'scuse me, I can't help but reminisce.

Baby wipes and a big baby mess, baby teeth & bigger baby steps.

Someone pass me the biggest handkerchief.

Tears of joy, too much happiness.

Sunshine.
